

CSU

# HC - YOUR STRATEGIC PARTNER

Healthcare Computing is an LPF supply chain partner specialising in assisting CSUs to deliver economy of scale NHS IT Infrastructure and Support services to CCGs and GP customers

## Healthcare Computing – Partnering with CSUs to assist in providing at scale IT Services and Digital Transformation Projects

*“At NHS South, Central & West CSU we have established a very successful relationship with HC which is built on the basis of their in-depth GP IT infrastructure knowledge and excellent partnership working.”*

### Working in partnership

HC works in partnership with CSU customers to assist in providing at scale IT Services and Digital Transformation Projects, enabling CSUs to scale services rapidly providing speed to market, whilst ensuring quality.

The HC Support and Solutions can be white labelled and presented as the CSUs own services providing CSUs with a full suite of core GP IT Support and Solutions to offer CCGs and GP customers at economy of scales prices.

Our 20 years’ experience of NHS and GP IT, coupled with a flexible business nature, enables us to rapidly deploy proven quality

GP IT Operating Model services as your delivery partner.

Our aim is to enable your organisation to meet your customers’ GP IT requirements supplying a reliable, customer focussed and localised service model, enabling CSUs to focus key staff and resources on delivering the wider NHS Digital agenda.

Using Healthcare Computing’s pay as you use projects and NHS framework procurement services enables your organisation to rapidly deliver successful projects to meet your CCG and GP customers’ demanding digital needs, whilst controlling fixed staffing costs.

Andy Eyles,  
Associate Director – Digital transformation at NHS South, Central & West CSU
