

NHS organisations

HC - YOUR TRUSTED NHS & GP IT PARTNER

Healthcare Computing is a specialist provider of GP IT Support and Solutions. We have been supporting GP Practices & CCGs IT for over 20 years.

Healthcare Computing is a specialist provider of NHS IT Infrastructure and Support services, supporting NHS organisations to improve digital maturity and patient care.

Company Ethos

Established in 1996, HC has the expertise and the commitment to meet the future challenges facing primary care. Our solutions represent excellent value for money while our team members are skilled, driven and passionate about technology.

Our success in providing flexible and timely services is based on an unrivalled knowledge of the primary care IT space, a technically progressive ethos and our understanding and passion for new technologies.

Customer service

Consistently recommended by our customers, HC have supplied for over 20 years a unique local and friendly service, providing a local hub and spoke model with all the benefits of a professional, accredited national provider.

HC customers have come to rely on a level of service and expertise that is second to none. This is supported by a highly qualified team of experts and excellent customer service.
