

CSU & CCG

DIGITAL INFRASTRUCTURE & HSCN DATACENTRE

Cloud and consolidated Infrastructure solutions that give you flexibility, scalability and data securely available anytime

"We have a longstanding relationship with HC, who have provided on a number of complex projects that have benefited our users, and HC have been consistently reliable, hardworking and forward thinking."

Damien McCann
Head of Primary Care IT
development
NHS Southampton City

Digital Infrastructure

Our Cloud and Infrastructure solutions give you flexibility, scalability and data securely available anytime, anywhere delivered in line with the Digital Services Design Manual. Our team of experts with years of NHS & GP IT experience can work with your teams to scope, design, build and deliver successful IT Infrastructure Projects to achieve digital maturity ambitions.

HSCN Datacentre

Enterprise On-Premise and Cloud Datacentre services to centralise and protect infrastructure and to enable transition to mature digital services. Working in partnership with leading HSCN-connected hosting providers we can scope, design, build and migrate your infrastructure to Private and Public Cloud based Datacentres to centralise, protect and enable data accessibility for all users.
